

# Antioch Baptist Church

Johnson City, TN

---

---

Dear Church Family,

What you are holding in your hand is the result of a clear word from God to me in a season of prayer last year. His Word was to involve the members of Antioch in long-term relational places of service so collectively, we can serve our community and share the gospel with those we might never meet.

I have obeyed that call and worked with our mission team to identify specific partners that we can join to show the love of Christ to some of this area's most marginalized people. The result is this list of partners with information about how you can connect with them. Our goal is that in 2019, 100 Antioch Family members will find an ongoing place of service.

Now, it is your turn to be obedient. Look at the opportunities, ask God where and when you can serve, and then make a phone call or send an email. Don't just do what is convenient. Do what God leads you to do as you pray. I will be leading by example as I choose a specific partner for regular volunteer hours.

Let's Serve HIM!  
Pastor Pete
